कतिपय शीतल पेय कंपनियों के विरुद्ध शिकायतें

991. **चौधरी हरमोहन सिंह:**
श्री ईश दत्त यादव:

क्या **खाद्य प्रसंस्करण** मंत्री यह बताने की कृपा करेंगे कि:

(क) क्या सरकार की विदेशी कंपनियों द्वारा निर्मित लहर पेप्सी, माजा, और लिम्का जैसे घटिया क्वालिटी के शीतल पेयों का उत्पादन दिए जाने के संबंध में शिकायतें प्राप्त हुई हैं;

(ख) यदि हां, तो उनका ब्यौरा क्या है; और

(ग) सरकार द्वारा इस संबंध में क्या कार्यवाही की गई है?

खाद्य प्रसंस्करण उद्योग मंत्रालय के राज्य मंत्री (श्री के०पी० सिंह देव): (क) से (ग) शिकायतें प्राप्त होने पर फल उत्पाद आदेश 1955 के उपबन्धों के अनुसार कार्रवाई की जाती है। पिछले साल इन इत्पादों की गुणवत्ता के बारे में चार शिकायतें प्राप्त हुई थीं। जांच करने पर पता चला कि शिकायतों में जिन लाइसेंसधारी निर्माताओं के नाम दिए गए थे उन्होंने उन उत्पादों का निर्माण नहीं किया था। निरीक्षण और सामान्य तौर पर नमूना लेने के दौरान इन लाइसेंस धारियों द्वारा बनाए गए उत्पादों की गुणवत्ता फल उत्पाद आदेश-1955 में दिए गए उत्पाद विनिर्देशों के अनुसार पाई गई।

Meeting of Foreign Ministers of G-77 Countries

992. SHRI RAJUBAHI A. PARMAR: Will the Minister of EXTERNAL AFFAIRS be pleased to state:

(a) whether participating in the deliberations of the meeting of Foreign Ministers of G-77 group of developing countries, he criticised on the notion that developing countries cannot be treated as a group of countries with common interests, problems and concern and appealed to the developed countries to recognise the developing countries as a group sharing substantially common problems and concerns; and

(b) if so, what were the main observations and suggestions made at the meeting and the outcome of deliberations?

THE MINISTER OF STATE IN THE MINISTRY OF EXTERNAL AFFAIRS (SHRI R.L. BHATIA): (a) and (b) The relevant extracts from the Speech of the Minister of External Affairs at the Meeting of the Foreign Ministers of G-77 Group of developing countries held at New York in Sepatember 1995 are reproduced below:—

> "It is being argued that because the developing countries, which now number more than 130, have in the past forty years progressed differently in terms of economic growth global competitivenes and integration, they cannot be dealt with as a group for purposes of development cooperation by the international community. Hence, the proposal is to not only categorise developing countries according to different criteria of income and growth but to in fact "individualise" the development cooperation approach to each developing country, whether it is in terms of aid or trade treatment. Linked to this individualisation is the concept of wide-ranging policy conditionalities being applied, including those that are non-economic. the accent on efficient reallocation and utilisation of resources whilst considered desirable by developing countries themselves, reinforces the trend towards constricting additional, new and substantial flow of resources —through trade, financial and technology transfers—to developing countries.
